revealing look at current perceptions of the life-settlement market.

The purpose of Life Settlement Awareness Month is to increase the awareness and knowledge of life settlements as well as to offer top-of-the-line marketing support, training and industry expertise to improve producer sales activities during summer – a traditionally slow sales activity time of the year.

During June, a series of webinars will be hosted to educate agents and brokers, including “Life Settlements – The Fundamentals” and “Life Settlements – Advanced Strategies.” The webinars are free-of-charge and attendees are encouraged to sign up early, as space is limited. In addition, Life Settlement Awareness Month will offer one of the first certified continuing education courses on life settlements, covering topics included in the fundamentals and advanced courses, and beyond. Pending approval in all 50 states, this certified course will give agents credit toward their life licensing continuing education requirements. Those interested in participating in Life Settlement Awareness Month events can sign up at www.lifesettlementawarenessmonth.com.
